1051H 2020FA: Week #07

Wesley Burr

22/10/2020

Week 07

Schedule

- Friday 23rd - 13th lecture (sampling distributions, CLT) posted
- Monday 2nd - 14th lecture (hypothesis testing) posted
- Tuesday 3rd - in-person overview of 14th lecture, plus commentary, Q&A
- Tuesday 3rd / Wednesday 4th - 7th in-person workshop - data frames!

There is a PDF posted on Blackboard with full details of the entire semester, including the schedule for the second stretch of 6 weeks **after** Reading Week. Please review it, and add reminders in your calendar.

To Do List

- finish R Assignment #2 (today! No late submissions!)

- get caught up on lectures, watch Lecture 13 (today) and 14 (Monday the 2nd) asynch version

- finish your readings of Chapters 8.1 and 8.2

- finish WeBWorK Assignment #06 for Tuesday the 3rd

Readings for Next Week (to go with Lectures 13 and 14)

- OpenIntro Statistics - Chapters 5.1, 5.2, (some) 5.3
- The Book of R - Chapter 5.2 (entire)

Other Details?

- TA and prof office hours will not be operating over Reading Week

- Once we're back:

    - check the schedule on Blackboard

    - use them!

    - Teams is the fastest way to get a response
